01 DISCOVERY COURSE

FIRST STEPS

Discover what generative AI can do, and what it can't. Hands-on from the start, with real office examples.

HALF A DAY · 3.5 HOURS | NO PREREQUISITES | READY TO USE THE NEXT DAY

WHO IT'S FOR

Anyone new to generative AI

PREREQUISITES

None. Knowing how to use a web browser is enough.

DURATION

3.5 hours, break included

FORMAT

Groups of 6 to 12, on site or remote

WHAT TO BRING

A non-confidential work document

YOU LEAVE WITH

- Three use cases tested in class
- A one-page cheat sheet
- Your next-day habit

YOU REVIEW, YOU DECIDE.

OBJECTIVES OF THE SESSION

/1 Understand what generative AI is, without jargon

/2 Write a first clear request

/3 Review and check an answer before using it

/4 Know what you should never share with it

SCHEDULE FOR THE MORNING

9:00	**Introductions** · your everyday tasks, the time-consuming ones	30 min
9:30	**What it can do, and what it can't** · live demos with commentary	45 min
10:15	**Workshop 1: summarize a document** · the file for the 10 am meeting	45 min
11:00	*Break*	*15 min*
11:15	**Workshop 2: write a draft** · a follow-up email, then reviewing it	45 min
12:00	**Good habits** · confidentiality, fact-checking, sources	20 min
12:20	**Your next-day habit** · everyone picks one task to repeat alone	10 min

02 HANDS-ON COURSE

EVERYDAY AI

Start from your own use cases, test them together and leave with prompts ready to reuse.

ONE DAY · 7 HOURS | ON YOUR REAL FILES | READY TO USE THE NEXT DAY

WHO IT'S FOR
People who have already tried it

PREREQUISITES
Having tried a generative AI tool at least once
